OUR GROWERS

CHAMPAGNE COLIN

The family has been growers for generations, since 1829. Their Chardonnay-dominated Champagne is produced from grapes grown in Grand and Premier Cru-rated villages in the Côte des Blancs. Their wine is an elegant, harmonious balance of roasted-nut richness and lively fruit freshness.

CHAMPAGNE FURDYNA

Created in 1974, their vines are situated in six villages of the Côte des Bars, with a Pinot Noir dominating most of their vineyards, and creating rich red fruit aromas. Their Champagne is developed and forward, rounded and toasty.

CHAMPAGNE PERTOIS MORISET

Established in 1951, their mature vines are mainly situated in the Grand Cru-rated villages in the Côte des Blancs. The remaining vineyards are located in the Sezannais district. Their Champagne is harmonious and voluptuous, with Excellence and Terroir as the core spirit of this Grower.

CHAMPAGNE LE GALLAIS

This Champagne is in its fifth generation of producers, who grow their grapes in 4 hectares inside a "clos": le Château de Borsault, in the heart of the Marne Valley. Their wine is expressive, complex, and harmonious.

CHAMPAGNE LACROIX

Established in 1968, this domain now covers eleven hectares across seven villages in the Marne and Aisne valleys. This Champagne is mouth-filling, medium weight, biscuits flavour profile, produced from the classic three-grapes-blend of Chardonnay, Pinot Noir, and Meunier.

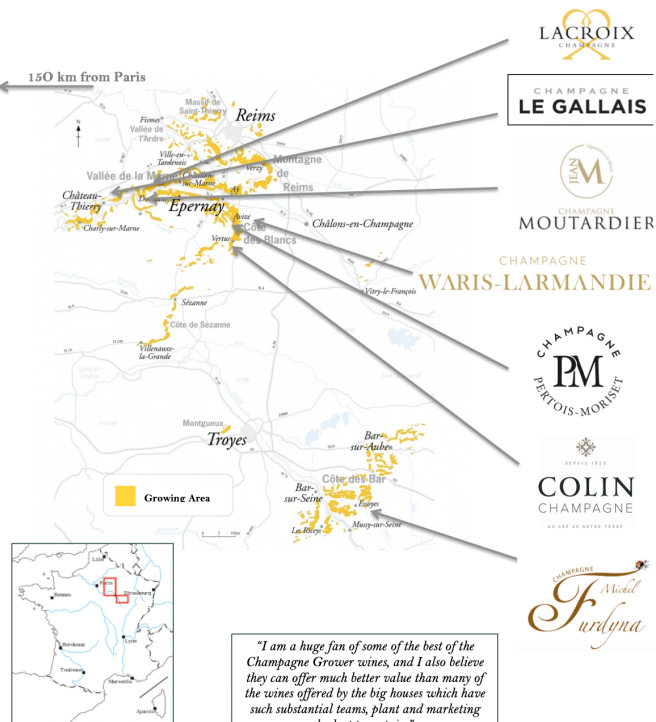

CHAMPAGNE WARIS-LARMANDIER

This house was created in 1989 and their domain covers just 5.5 hectares across the Côte des Blancs and in the Aube. Specialised in Chardonnay, their Champagne style is structured and ultra-elegant.

CHAMPAGNE MOUTARDIER

This family has rooted their domain in the terroir of Le Breuil since the 18th century, growing their most qualitative grapes on the best-located slopes of the Valley of the Surmelin, a small tributary of the Marne. Their Champagne is fresh, mineral, creamy, and complex.

The Champagne Wine-Growing Region & Our Growers

"I am a huge fan of some of the best of the Champagne Grower wines, and I also believe they can offer much better value than many of the wines offered by the big houses which have such substantial teams, plant and marketing budget to sustain."

Jancis Robinson of the F
